⁽¹⁾ Same-restaurant sales growth is calculated on a constant currency basis.

⁽²⁾ Includes sales at both Company-operated and franchise restaurants.

⁽³⁾ Systemwide sales include sales at both Company-operated and franchise restaurants. Sales at franchise restaurants are not recorded as Company revenues. However, the Company's royalty revenues are computed as percentages of sales made at franchise restaurants and, as a result, sales at franchise restaurants have a direct effect on the Company's royalty revenues and therefore on the Company's profitability.

⁽⁴⁾ Excludes Venezuela.

⁽⁵⁾ 2017 reflects reclassifications to conform to the current year presentation. 2016 and prior periods have not been revised.
